

CSS GUIDELINES

The purpose of this Guideline is to provide the developer with a visual representation on how to use the eGA CSS tags in their website. Each screen shot will identify the kind of CSS tags used and where they were placed on the page.

This document is to be used in conjunction with “egov_global.css” and “egov_services.css” files

CSS TAG SUMMARY (“egov_global.css” file)

House Maintenance Request

The Ministry of Housing aims to provide high quality housing services that improve the quality of life for Bahraini families.

The ministry is responsible for the maintenance of the services related owned by the ministry. Maintenance is offered to the beneficiaries of the housing /flats scheme.

Beneficiaries can request maintenance through the web and also can check the status of their requests online Based on the nature of the job required, a timeframe will be classified and a team will be assigned to fix the problem considering that emergency complaints will be attended immediately within 24 hours. In case the maintenance request is not within the Ministry scope the beneficiary will be informed.

[Apply for a House Maintenance Request](#)
To submit a maintenance request, please fill the form and identify the type of job(s) you require

[Status Enquiry](#)
To view the status of your request, simply click on the above link and enter the Reference Number you received in your confirmation and your personal number.
